MEET ON NEW DEVELOPMENTS IN BUILDING MATERIALS

September 18, 2006, GOIC Grand Hall, Doha - Qatar

MEET ON NEW DEVELOPMENTS IN BUILDING MATERIALS

Gulf Organization for Industrial Consulting (GOIC)

GOIC, founded in 1976, targets developing industries throughout the GCC by means of providing, both the industrial and economic sectors, with distinctive knowledge, consultancy and technical services. GOIC's mandate is to promote the highest levels of industrial cooperation and collaboration, in both the public and private sectors, by providing a complete set of high-quality, specialized research, information and consultancy services.

Admission Policy & Application Process

The program is open to individuals working professionally in construction sector, manufacturers of building materials, Designers and Architects. The Program will be conducted in English.

Registration

Interested candidates should complete the application and return it via fax or by email before 7/9/2006.

Contact Information:

GOIC,
Shambhu Prasad,
Senior Expert,
P.O. Box 5114, Doha - Qatar.
Tel: +974-4858819 / 821 - Fax: +974-4831731

The Program

Organizes a Meet on New Development in Building Materials.

The one-day program includes presentations by renowned Experts in the field of building materials and construction.

The program takes participant through new developments taking place in the building materials.

Upon completion participants will have gained the knowledge of the latest development in the field.

Goal

The goal of the Meet is to exchange views on the application of new developments in building materials in the GCC.

Participants

This meet is for people who design and are involved in the construction of real estate, and commercial building. It will be of special interest to professionals in:

- * Government ministries and public enterprises particularly those related to Works and Housing, and Municipality
- * Designers and Architects
- * Manufacturers of Building Materials
- * Construction organizations
