

# Strategic Plan for Knowledge-Based Industry Development in the GCC Region

## Inside the report

- A knowledge primer
- Benchmarking the region with leading countries
- Technology Assessment for future
- Country level assessment for all the 6 countries
- Global trends & Best practices in other countries
- Strategic plan for the region

## Benefits

- An eye opener on the future of the region
- Focused survey on Nanotechnology and Biotechnology
- Future prospects of these technologies
- Core business opportunities for the region
- KBI strengths of each individual countries
- Sectors including Petrochemicals, Water technologies, Advanced materials, Energy and environmental technologies and Communication are evaluated

# Roadmap for Knowledge Based Industries (KBI) in the GCC Countries

## SCOPE OF THE STUDY INCLUDES

### Biotechnology and Micro/nanotechnology

The six sectors selected for analysis include:

- Petrochemicals and chemicals
- Water technologies
- Advanced materials
- Energy and environmental technologies
- Communications technologies
- Life sciences

## Table of Contents of the Study

- Executive Summary
- An Introduction to Knowledge-Based Industries
- Benchmark and Assessment of GCC Countries' Competitiveness for Knowledge-Based Industries
- Technology Opportunities Assessment for the GCC Region
- Country Level Assessments
- Global Trends and Best Practices in Innovation-Based Economic Growth
- Knowledge-Based Industry Development in the GCC Region: A Strategic Framework

## The report in general covers the following GCC states:

- Bahrain
- Kuwait
- Oman
- Qatar
- Saudi Arabia
- UAE

The study aims to guide government officials and private sector leaders in the mobilization of organizations, individuals and resources to develop KBIs in the member countries of the GCC. It will identify the overall thrusts of the strategy and how they fit together, decisions that need to be made (and who needs to make them and when), and the time-frame and resources needed to implement the strategic plan.

**The study will be available to interested clients for US \$ 4,990 only.**
