

Training Course on “Plastics’ Technology”

Doha: 1st – 4th November 2010

Course Program

Day One: Monday 1st Nov 2010:

8:30	9:00	Reception
9:00	10:30	First Session: Plastic Materials & Its Applications.
10:30	10:45	 <i>Coffee Break</i>
10:45	12:00	Second Session: Injection Molding Techniques including machine selection and Trouble shooting.
12:00	12:30	<i>Prayer Break</i>
12:30	14:00	Third Session: Selection criteria of Plastic Materials for specific end use (including case studies).

Day Two: Tuesday 2nd Nov 2010:

9:00	10:30	Fourth Session: Extrusion Techniques, Emphasis on Film & Pipes Manufacturing.
10:30	10:45	 <i>Coffee Break</i>
10:45	12:00	Fifth Session: Additives and Compounding for Plastics
12:00	12:30	<i>Prayer Break</i>
12:30	14:00	Sixth Session: Roto-molding & Thermoforming Techniques (including case studies).

Training Course on “Plastics’ Technology”

Doha: 1st – 4th November 2010

Day Three: Wednesday 3rd Nov 2010:

9:00	10:30	Seventh Session: Gas Assisted Injection Molding & Blow Molding Techniques
10:30	10:45	 <i>Coffee Break</i>
10:45	12:00	Eighth Session: High Performance polymers, Composites for Special Engineering Applications
12:00	12:30	<i>Prayer Break</i>
12:30	14:00	Ninth Session: Secondary Processing Techniques

Day Four: Thursday 4th Nov 2010:

9:00	10:30	Tenth Session: Plastic Recycling & Waste Management
10:30	10:45	 <i>Coffee Break</i>
10:45	12:00	Eleventh Session: Plastic Testing & Quality Control
12:00	12:30	<i>Prayer Break</i>
12:30	14:00	Twelfth Session: Process Selection Criteria for Specific Products (including case studies).
14:00	14:30	Closing & Certificates.
